A SMARTER WAY TO SECURE YOUR SPACE

At Blue Sky Technologies, we offer a fully integrated hardware and software solution that strengthens safety while simplifying ownership. With our user-friendly interface, you can access all your data and insights from a single location. Our solution is designed to enhance efficiency while reducing costs.

Command Platform

Manage users, devices, and sites effortlessly using a web browser or mobile app.

Features:

- Unlimited user seats & cloud archiving
- Remote access from any device
- Customizable level of site permissions
- Automatic updates and new features
- Access to top–rated mobile app
- 24/7 worldwide technical support

Video Security

Hybrid cloud cameras offer onboard storage and edge–based processing to reliably deliver insights in real–time.

Intercom

Answer calls from anywhere with sharp intercom video, clear audio and four smart receiver methods.

Alarms

Catch and respond to break–ins with cloud–managed intrusion detection and 24/7 professional monitoring.

Air Quality Sensors

Monitor environments for air quality, temperature, humidity, motion, noise, smoke and vape emissions.

Access Control

Easily manage doors and credentials across departments with Global Access and Active Directory integrations.

Workplace

Manage visitors and deliveries with guest and mailroom software, enhancing security along with workplace operations.

IT Professionals

Zero–touch maintenance with automatic security updates as well as encryption in transit and at rest to protect against known and emerging threats.

Security & Loss Prevention

Proactively mitigate threats, monitor from anywhere and receive real–time alerts of meaningful events.

Facilities & Operations

Gain actionable insights to protect people, assets and facilities — while ensuring efficiency and productivity.
