BlueSky TECHNOLOGIES

Simplify Healthcare Security

Improve security across healthcare facilities, while improving patient care and protecting privacy. A fully integrated hardware and software solution that combines intelligent devices with an easy–to–use platform enables secure remote monitoring and faster incident response across departments.

Key Benefits

PRESERVE PATIENT PRIVACY

Safeguard PHI to assist with HIPAA compliance by leveraging role–based access, live–only viewing, face blurring, privacy regions and more.

RESTRICT ACCESS WITH EASE

Set door schedules around hours of operation, along with site and role–based access to privileged areas.

MONITOR FROM ANYWHERE

Find, save, and share footage on-the-go. Share live camera feeds with local authorities in seconds.

IMPROVE PATIENT SATISFACTION

Be alerted if hospital conditions — including noise and air quality — rise above or fall below certain thresholds.

PROTECT STAFF WITH PANIC BUTTONS

Easily view camera feeds associated with a button's location, call the police or initiate a lockdown with one press.

LEVERAGE VIRTUAL GUARDS

Keep patients safe around-the-clock and reduce false alarms with video-verified intrusion detection.

No NVRs or DVRs
– up to 365 days of onboard storage

24/7 technical support
via email, phone or live chat

Unlimited user seats
and cloud archiving

Easy multi-site management
with cloud–based software

Up to 10-year warranty
and predictable renewal costs

Automatic updates
to unlock features and maintain security

Features

COMMAND PLATFORM

Manage devices, users and sites from a single pane of glass — accessible from a simple web browser or mobile app.

AIR QUALITY SENSORS

Monitor environments for air quality, temperature, humidity, motion, noise, smoke and vape emissions.

VIDEO SECURITY

Hybrid cloud cameras offer onboard storage and edge–based processing to deliver actionable insights in real–time.

ACCESS CONTROL

Easily manage doors and credentials across departments with Global Access and Active Directory integrations.

GUEST

Personalize the check–in experience with custom sign–in flows, complete with security and health screens.

ALARMS

Catch and respond to break–ins with cloud–managed intrusion detection and 24/7 professional monitoring.

MAILROOM

Streamline mailroom management and safeguard assets with native camera integration.

INTERCOM

Answer calls from anywhere with sharp intercom video, clear audio and four smart receiver methods.

Secure your healthcare facility today.
